PERSONAL MENTION

Mrs. W. J. Sewell is still seriously ill with an attack of grip.
M. A. Rader left last night for Portland, on a brief business visit.
Mrs. H. C. Willis, of Echo, is in the city receiving medical treatment.
Mrs. D. C. Brownell and daughter, of Umatilla, are at the Bickers while in the city on a business visit today.
Miss Claire Moussu, manager of the telephone system in this city, returned from a brief visit to Athena last evening.
George H. Sutherland, of Walla Walla, the contractor who built Pendleton's sewer system, is a visitor today on business.
James Nelson, who has been in Portland, on United States jury duty, returned home last night and left this morning for his home on Butter creek.
M. H. Rice, of Freewater, Umatilla county agent for the Oregon Fire Relief association, is in the city today on business connected with his company.
Mrs. Carl Gilbert, of Echo, and W. J. Nixon, of Wasco, Oregon, left this morning for Republic, Wash., where they were summoned by the serious illness of their mother. Carl Gilbert, who accompanied them to Pendleton, returned home to Echo this morning.
J. W. Kimbrell, county surveyor, returned last evening from a trip over the west end of the county, and found that the rain of yesterday and Thursday night was general all over that section. It was badly needed, and farmers are now feeling in better spirits.

Robert Renn, who was recently promoted from express agent here to be a messenger on the O. R. & N., was in the city last night on his regular run. He comes to Pendleton every sixth night, and has considerable leisure time between runs, in Spokane. Mrs. Renn has moved to Spokane and the family is now pleasantly located at 1104 Spofford Avenue in that city.

Mrs. Stanton Dead.
Mrs. Charles Stanton, wife of a prominent Hell miller and ranchman, is dead of heart failure. The funeral will be held in Walla Walla Sunday afternoon. Mrs. Stanton had lived in Umatilla county for several years, and was about 40 years of age. She had been in ill health for several months.

MORE MONEY.

Will Be Forthcoming for Fort Walla Walla.
Walla Walla, Dec. 10.—Assurances have been received by Mayor Gilbert Hunt from Senator Levi Ankeny at Washington, D. C., that congress will provide funds over the appropriation of \$50,000 allowed for the building of the new brick quarters at Fort Walla Walla. The deficiency in the appropriation amounts to about \$6000. When the new barracks are completed Fort Walla Walla will be one of the best equipped inland garrisons in the Department of the Columbia.

Four More Bodies Recovered.
Burnett, Wash., Dec. 10.—Four more bodies, making 16 in all, have been recovered from the coal mine, accounting for all the victims of Wednesday's explosion.

WOMEN AGREE NOT TO KISS.
Anti-Osculation League in Mexico Has 300 Members.

A little red button worn by some 300 women, old and young, married and unmarried, among the leading social sets of the City of Mexico marks a new departure, or rather a new step, in progress. This little, round, red button signifies membership in what is known as the Anti-Kissing League.

Members of the league take solemn pledge not to kiss each other, in public or private, but put it on the ground that kissing is contagious or rather, the means of conveying contagious diseases from one fair lip to another.

There is nothing visible to the naked eye in the constitution of this league against kissing other than members of the female persuasion, and in fact, the practice, aside from the supposed danger of infection, is decidedly, to the male sense, not only deplorable, but unnecessary.

When one woman takes two or three minutes of time in a street car to kiss three or four other women before alighting from the car she certainly violates the golden rule by making all those passengers wait. How far this new league will conduct its offensive and defensive campaign remains to be seen.

THE WOMEN'S CLUBS

Study of Heinrich Hoffmann.
An afternoon long to be remembered in the annals of the Current Literature Club, was Friday on the occasion of the study of Heinrich Hoffmann, Germany's great artist. Mrs. Edwin Switzer and Mrs. Ernest Skiles were hostesses. Mrs. J. F. Robinson directed the history review and with this lesson was completed the interesting study of German history. The literature of the country will next engage the attention of the members.

At roll call each member brought one of Hoffmann's pictures giving a brief sketch of the same.
Mrs. LaDow sent her paper on Hoffmann, the Artist, which was read by Mrs. Sidney Carnine. Mrs. LaDow told of the artist's methods in painting his famous pictures, which are familiar to Americans only through reproductions, as none have ever been brought across the Atlantic.

"Hoffmann's Home Life," was given by Mrs. Lee Moorhouse, who described a man unincumbered by financial cares, working assiduously with art for art's sake.

Mrs. Fred Shoemaker read a brief sketch of the musical composition, "The Messiah," by Handel.
Most delicious refreshments were served.

Women Writers.

The Thursday Afternoon Club was pleasantly entertained by Mrs. Henry Bean and Mrs. E. B. Conklin.
A program on the "Most Prominent Contemporary Women Writers" had been carefully arranged. The members informally discussed the subject, supplementing their talks with short story, poem or personal reminiscence of the gifted women whose writings they were considering.

Following are the topics in order: Roll call, personal recollections of the writer or quotation from the writings. Brief sketches—Julia Ward Howe, Mrs. Lane; Elizabeth Stewart Phelps, Mrs. Minnie Stillman; Ella Wheeler Wilcox, Mrs. Lina Sturgis; Ruth Henry Steuart, Mrs. J. A. Owen; Ella Higginson, Mrs. John Halley.
Dainty refreshments were served.

First Recital.
The Musical Club gave the first of a series of recitals at the home of Mrs. J. R. Dickson, on Friday evening.

This is a new society, and while they may not develop a Gadski or a Semblich, they will create a musical atmosphere which Pendleton certainly lacks. We have good musical talent here, and more than most cities this size, but the people generally do not care for concert or opera, and up to this time failure has been the result of bringing outside talent here.

It is to be hoped that this organization of earnest workers in the domain of music, will cultivate a taste among the people so that at least once or twice a year we may bring in outside talent with the assurance of a large and appreciative audience.

LARGE AREA BENEFITED.

Wide Scope of Country to Be Aided by the Open River.

A good idea of the commercial importance of the work now being accomplished by the Open River Committee of the Chamber of Commerce and the Open River Association toward the building of the portage road between The Dalles and Celilo, may be gleaned from the fact that area of the productive country believed to be affected to a greater or less degree by the improvement of the Columbia river at The Dalles, so as to provide an open river, includes nine separate districts, which are as follows, says the Chamber of Commerce Bulletin of Portland:

First, Pasco district, including all of Franklin and Adams counties, Washington; Second, Lewiston district, including all of Nez Perces, Latah and Idaho counties, and part of Shoshone county Idaho, and Asotin county, Washington; third, Palouse or Colfax district, including Whitman county, Washington; fourth, Big Bend or Spokane district, including Spokane, Lincoln, Douglas, Adams and Franklin counties, Washington; fifth, Walla Walla district, including Walla Walla, Garfield and Columbia counties, Washington; sixth, Yakima Valley district, including Yakima and Kittitas counties; seventh, Pendleton district, including Umatilla, Morrow and Union counties, Oregon; eighth, The Dalles district, including Sherman, Wasco and Gilliam counties, Oregon, and Klickitat county, Washington; ninth, Walla Walla district, including Walla Walla county, Oregon.
